About project

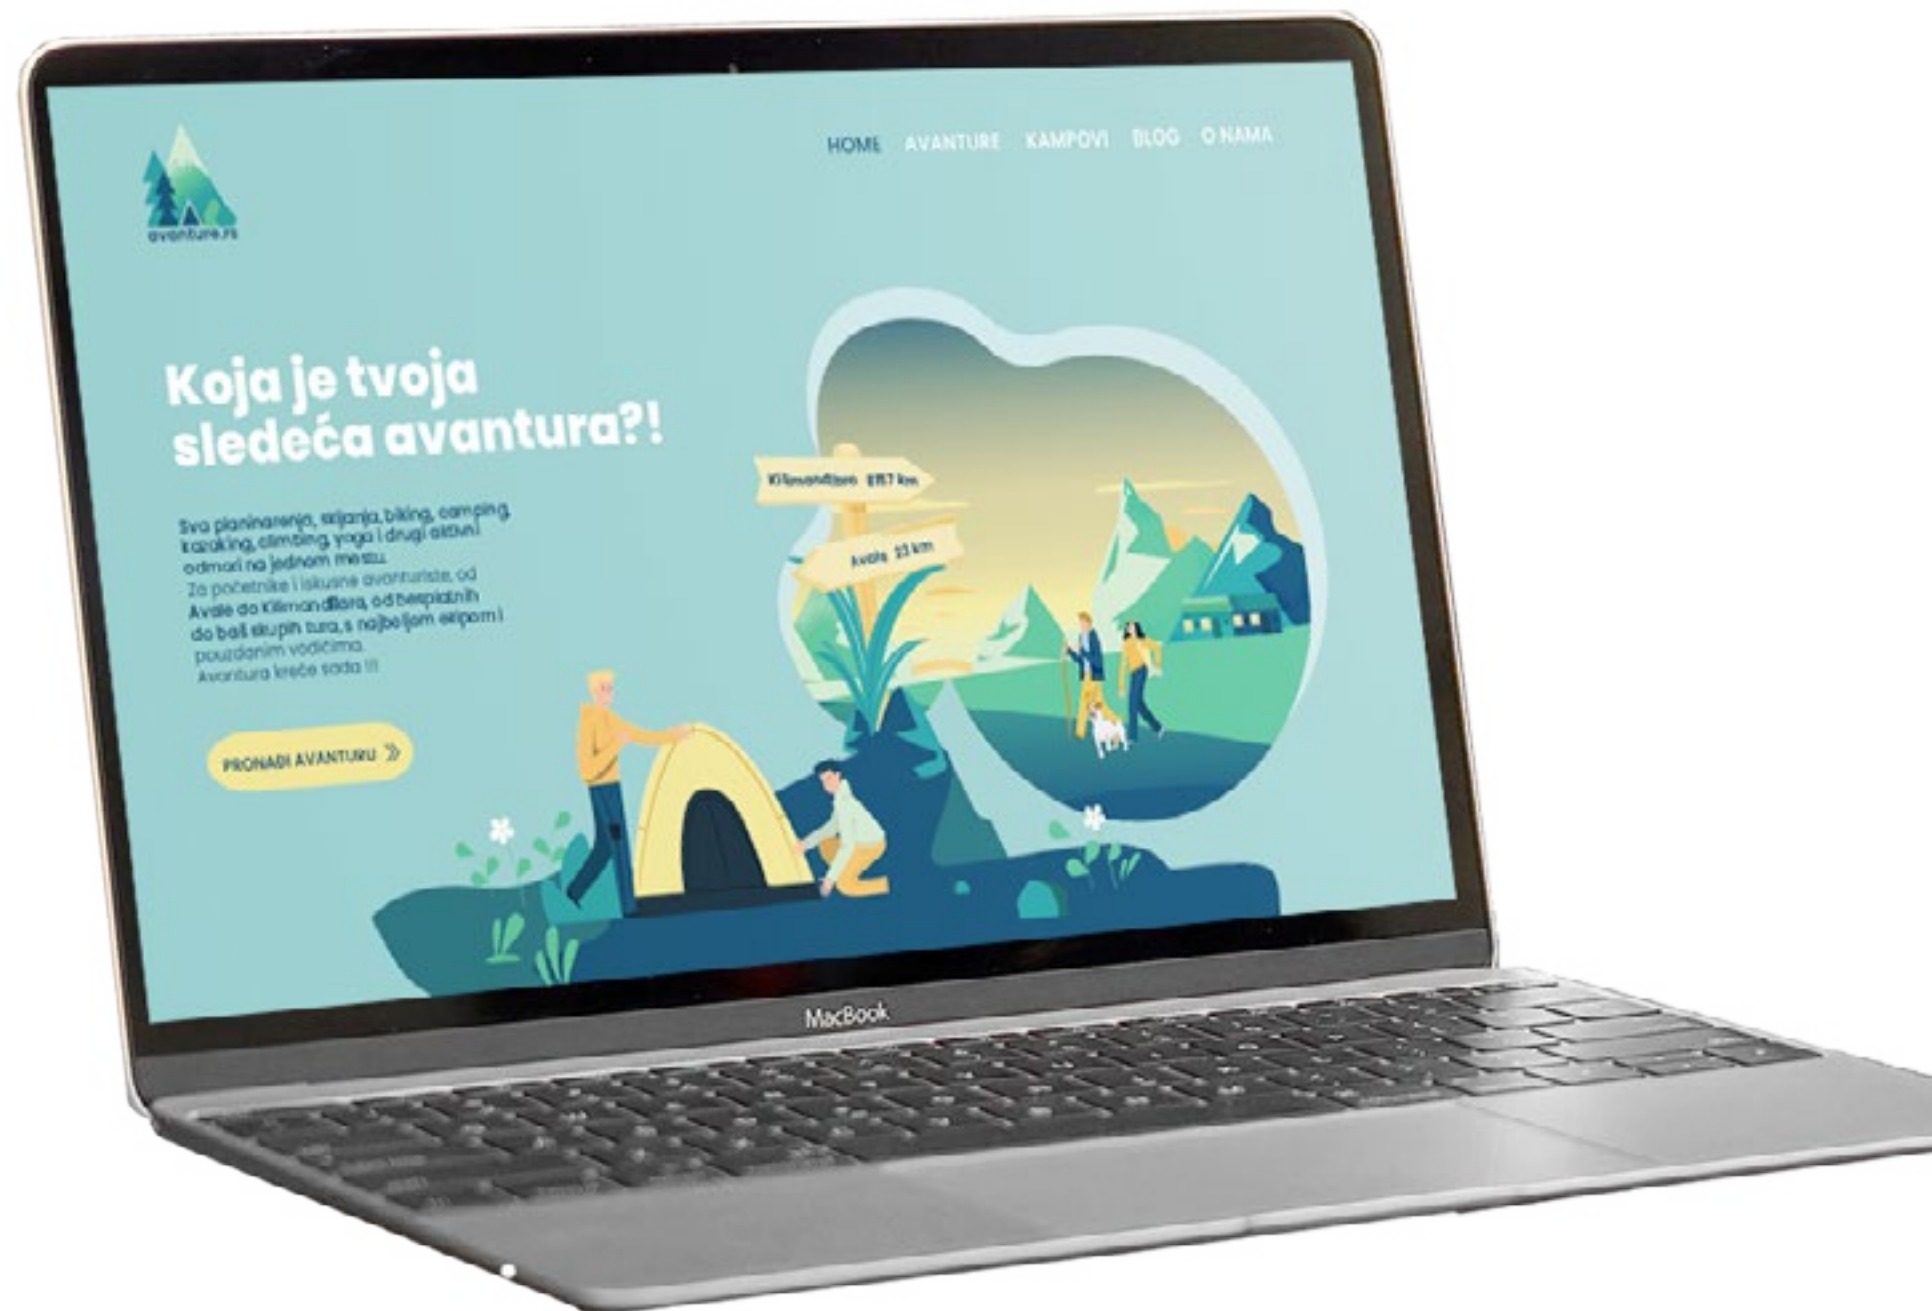

"Avanture.rs." web and mob app

Layout for web platform

I got commissioned to design layout for web and mobile application "Avanture".

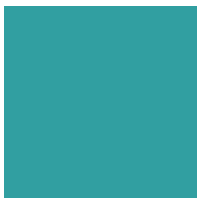

This platform idea is to promote the natural beauties of Serbia and to provide users with a diverse selection of hiking adventures, cycling adventures, yoga retreats, kayaking tours and various other outdoor activities.

The brand identity is inspired by nature colors and shapes.

About project

“Move.Link.Engage.” conference

Layout for web platform

I got commissioned to create a visual identity and promotional materials for 5th Regional Conference on EU Integration. An event with strong title “Fundamentals wanted”.

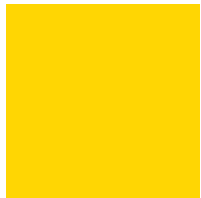

This concept speak for himself in play to show how are “fundamentals wanted”. Of particular importance was to draw attention to the fact that this is the fifth conference in a row to be held.

I have made a concept based on requirements to show on what is matter to people see as information. I exprested visual concept with simple geometry with cleare message. Colors was alredy set as requirements to kept visual identity of project.

About project

“Mingl” web portal

Visual identity, logo

I got commissioned to create a new logo for web portal the “Mingl” in non profit organization Belgrade Open School.

Since 2007, the “Mingl” portal has been publishing daily information and news on non-formal education programs, scholarships, workshops, courses, competitions and other topics intended for young people.

I have made a concept based on requirements, and conceptualized visuals based clean edges and red color, with gradient effect of shades red.

About project

"You4Eu" event conference

Visual identity, promotional materials

I got commissioned to create a visual identity and all promotional materials for conference event "Citizen participation matters - Changes we need".

This project is designed to motivate citizens and give them the opportunity to actively engage in dialogue with public officials at the EU level, but also in their nation states. Through the project, citizens were able to propose new and innovative ways to communicate with public officials, and the best idea received financial support for implementation.
